

## COMPANY PROFILE

# HISTORY OF THE COMPANY

Maligos Engineering (PTY) Ltd have been in operation since 2018, covering all aspects of work in the area of Mechanical Maintenance, Electrical and Instrumentation Controls and Supplies.

During this time Maligos Engineering services have become specialists in planned preventative maintenance as well as Installations.

The success of this 100% Black owned Mechanical engineering and maintenance company is based on the continuous commitment that Maligos give to all our clients by continuously updating and developing our services, and importantly, in this time of rising costs – competitive pricing structure.

Maligos was established with the aim of delivering excellent and quality services that will contribute to build and develop infrastructure in the country, creating jobs and further meet the black empowerment Imperatives.

Our experienced mechanical & electrical engineers, fast reliable 24 hour call out service, and preventative maintenance have thus far contributed towards our success to date.

Maligos Engineering is committed to Health & Safety and all engineers are completely trained in this area. We also use an external company to monitor and audit our Health and safety practices.
